Welcome

'I wandered lonely as a cloud,
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host, of golden daffodils,
Beside the lake,
Beneath the trees,
Fluttering and dancing in the breeze.'*

Spring has been in the air, daffodils are coming out and the lambs are already getting big!! It is so lovely to be out enjoying some sunshine after all the rain. That is how I started the newsletter but now it definitely feels like summer is on it's way. It seems a little early but Season Greetings to

everyone and I hope you enjoy this special time with family and friends.

*'Daffodils' by William Wordsworth

Insight Cycle Team

Round Lake Taupo cycle team above—a hot, glorious day.

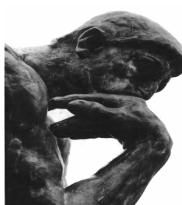

REMINDER

Don't forget to ensure your security systems have been serviced and key-holder information is correct.

Quote for the Quarter

Yesterday is history.
Tomorrow is a mystery.
Today is a gift, that is why we call it the present.

– Thoreaux

WATCH THIS SPACE

We are moving! Insight EDS is moving to 72 France St, unit K, Newton—across the road. We will send photos and an update in the New Year.

What's New—Wireless Monitoring

Insight EDS can now offer you continuous 24 hour monitoring without needing to have a phone line using a system called Permaconn. Permaconn is the only system that roams from one service provider to another in the event of an outage or any other technical difficulty. It is an affordable alarm communication system that utilizes GPRS to link you to our central monitoring station. **No more phone lines.** Permanent on-line connection. Compatible with most existing alarm systems. Recognized by insurance companies. Fixed monthly costs. For product spec sheet go to What's New at www.insighteds.co.nz or contact the office for costs and set up.

Briscad Beginners Electrical—Training Course

In association with Insight EDS, CAD Concepts are pleased to announce they are running a Briscad Beginners training course for Electrical. The course includes training and support material to get you to the point of producing simple 2D electrical drawings quickly and without pain. To register your interest go to:

<http://www.cadconcepts.co.nz/training/>
Mention **Insight EDS** to get a **10% discount**
